

StudentSuite

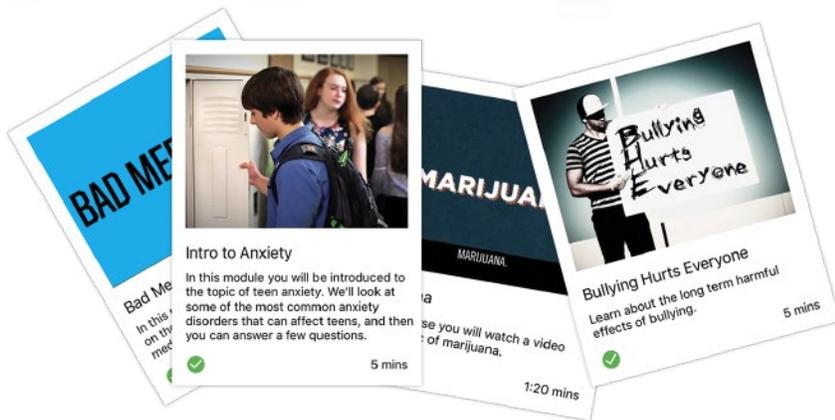

Providing **Lifeline Content™** to students, parents, and schools to help **combat today's social issues:**
Bullying - Drugs - Anxiety, Depression, and Self-harm

The Purpose

The StudentSuite app helps our young people by providing them with tools, tips, resources, contacts, and inspirational information to help avoid, if possible, and navigate when necessary, these incredibly difficult issues. It doesn't take a rocket scientist to figure out that the best way to deliver this information is to get into the mobile device that our kids are glued to constantly.

The Content

StudentSuite is loaded with lots of learning modules that cover a variety of topics from bullying, cyberbullying, drug use, alcohol consumption, depression and self harm. These modules are intended to be short informational and often entertaining educational experiences to inform and provoke conversations on these varied topics. This is simply the best solution for drug prevention education.

The Features

Lifeline

Being a teen in school these days is not what it used to be. So we included some features to help; like being able to report anonymously a bullying event, and learning about a wide range of topics from depression, addiction, loss, self-harm, drug use and abuse to name a few.

Food & Stuff

With a great app comes great stuff and this app is no exception. Food & Stuff will allow students to stockpile those all important points to be redeemed for, well, you guessed it, Food & Stuff.

Dude! Where's My Bus?

The all important question is finally answered with GPS technology that can place your bus and estimate arrival times within 30 seconds accuracy. Sweet!

The Purpose

The StudentSuite app helps our young people by providing them with tools, tips, resources, contacts, and inspirational information to help avoid, if possible, and navigate when necessary, these incredibly difficult issues. It doesn't take a rocket scientist to figure out that the best way to deliver this information is to get into the mobile device that our kids are glued to constantly.

- The content is focused on helping kids with bullying, drugs & alcohol, anxiety, depression & self-harm. We have found these issues to be interrelated.
- The educational content is designed to drive home the fundamentals and dynamics of each issue.
- The app includes tools to help students avoid risk and challenges as they encounter them.
- Also included are resources to call when in need of assistance, before they make a destructive decision.
- Students have the ability to report incidents like bullying in either an anonymous fashion or one directly requesting the assistance of a concerned adult.
- Audience focused - this short - duration content, designed for teenage learners, includes videos and game-based activities.
